App Developer Intern

Hiring organization
Cnovas

Employment Type
Intern

Job Location
United States

Date posted
October 7, 2024

Description

We are looking for a passionate App Developer Intern to join our team. This role is ideal for recent graduates (2022-2024) eager to gain hands-on experience in developing mobile applications. You will assist in designing, coding, and testing mobile apps for various platforms.

Responsibilities

- Assist in the development and maintenance of mobile applications for iOS and Android.
- Collaborate with senior developers to design and implement app features.
- Write clean, maintainable, and efficient code.
- Participate in code reviews and testing to ensure app quality.
- Stay updated with the latest industry trends and technologies.

Qualifications

- Bachelor’s degree in Computer Science, Software Engineering, or a related field (2022-2024 passout).
- Basic understanding of mobile app development for iOS (Swift) and Android (Kotlin/Java).
- Familiarity with development tools such as Xcode and Android Studio.
- Strong problem-solving skills and eagerness to learn.
- Good communication skills and ability to work in a team environment.

Preferred Qualifications:

- Personal projects or academic experience in mobile app development.
- Knowledge of UI/UX design principles.
